5 years of experience

I'm a freelancer from a land of sea, sun, and wind.

My roots are by the sea, and the salt of home has seeped into who I am and into my imagination. The earth, water, salt, and experiences of my own shaped me into the Hùng you'll find at the keyboard, a content creator with a particular knack for making words bend and flow.

Have a look at a few pieces below to see how this man of the sea brings words into order and turns them into films that millions have embraced.

Welcome to Hùng HiHi's little world!

Opening Sequence Edit Plan 00:00–00:35

Time	Voice-over	Visuals / Editing	Music / Sound Effects
00:00–00:09	Have you ever heard of the Silk Road and wondered where it really was, where it began, how far it stretched, and why people in the past created such a dangerous journey?	Show a wide shot of a caravan on the dunes. Cut to footprints and the horizon in time with the questions.	Mellow, mysterious instrumental music
00:09–00:10	[Music, voice-over pauses]	Hold on the silhouettes of the camels along the crest of the dune before cutting away.	Mellow, mysterious instrumental music
00:10–00:14	If you really want to find the answers, stay with us until the end of the video.	Push in gently as the caravan moves to bring the audience into the journey.	Mellow, mysterious instrumental music
00:14–00:21	We've carefully gathered some fascinating things you may never have heard before.	Cut quickly between a roll of silk, a market, and a mountain pass. End on a map.	Mellow, mysterious instrumental music
00:21–00:24	The first surprise is that the Silk Road wasn't a single road.	Draw one route on the map, then split it into several branches.	Mellow, mysterious instrumental music
00:24–00:35	It had no starting line, no milestones, and no straight route connecting China to Europe. It was an entire network of land and sea routes that branched and rejoined, flowing across much of Eurasia.	Use different colors for land and sea routes. Widen the map from China through Central Asia to the Mediterranean.	Mellow, mysterious instrumental music
